No		Agree to implement an appropriate food certification covering the scope of the food operation or to be certificated against the Foodstuffs Importer/Broker Standard (see details below).

**Foodstuffs requires all food suppliers to hold one of the following food certifications to obtain FULL Regulatory Approval** (that is most appropriate for your business):

- Food Control Plan (FCP) or National Programme (NP) Level 2/3 registered with the MPI/Council/Territorial Authority under the Food Act 2014. The Scope of your certification must be appropriate (including wholesale trading). **NP Level 1 certifications are not accepted**. Note: NP certifications are not accepted for fresh produce suppliers (see below).
- Risk Management Programme (RMP) – registered with the MPI.
- Food Safety Programme (being transitioned into FCP/NP under the Food Act 2014).

- Foodstuffs Importer/Broker Standard (covering importers, brokers/distributors and companies using a contract manufacturer). Importers will require an annual audit while domestic product suppliers will require an audit every 2-3 years depending on product category. For information contact Shane Hopgood of Assured Food Safety (E: [shane@assuredfoodsafety.co.nz](mailto:shane@assuredfoodsafety.co.nz); Ph: 09 846 8492; M: 0274 726 657).

Foodstuffs may conditionally grant an Interim Approval timeframe for prospective suppliers to gain an acceptable certification (as above). This includes suppliers who hold Council registration under the Food Hygiene Regulations 1974. Interim Approval will only be offered on receipt of the Compliance Pack, GS1 ProductRecallNZ certificate and (if appropriate) product label verification against the Food Standards Code.

Note: Interim Approval will not be provided to fresh produce suppliers or importers.

**Foodstuffs reserves the right to revoke the Approval status of suppliers who allow their food safety certification to lapse without prior dispensation.**

**NON-FOOD COMPLIANCE**

All non-food suppliers must abide by the appropriate legislative and safety requirements for their business and products.
